## Apple Tree

Apples round and tasty on an apple tree  
And every apple holds a magic seed  
Now take the magic seeds and plant them in a row  
Then leave them there to grow.

Whoa oh oh It's how an apple tree grows  
Whoa oh oh It's how our apple tree grows

Tiny little shoots slowly start to show  
And bendy roots push way down low  
The seasons change and before too long  
An apple tree has grown up big and strong

Whoa oh oh It's how an apple tree grows  
Whoa oh oh It's how our apple tree grows

## Sunshine & Rain

Rain falls from the heavens  
Helping the plants to grow  
A miracle of nature  
Is in every seed we sow

Sun shines on the garden  
Helping the plants to grow  
A miracle of nature  
Is in every seed we sow

We love the sun  
We love the rain  
Pouring down our window pane  
We love the rain  
We love the sun  
Shining down on everyone

Rain is falling from the clouds  
Giving life to us  
Sun is shining way up high  
Bringing life to earth

We love the sun  
We love the rain  
Pouring down our window pane  
We love the rain  
We love the sun  
Shining down on everyone

Rain falls from the heavens  
Helping the plants to grow

## Frogs Eggs

Wibbly Wobbly frogs eggs  
Sparkling in a pool  
Slowly grow and grow each day  
Safe inside a bubble  
In a jelly coat  
Will you be coming out to play?  
Will you be coming out to play?  
Will you be popping out today?

## Tadpoles

We're tiny tadpoles here in a pond  
We wriggle all around  
Wiggling, jiggling, giggling all day  
As we swim up and down.

Join in we'll go for a swim  
Let's play hide and seek  
Got no troubles - we're chasing bubbles  
Seven days a week

Tiny tadpoles here in a pond  
We love to splash and play  
Wiggling, giggling, jiggling around  
We're happy tadpoles today  
Won't you come out to play?  
We're happy tadpoles today

## Tiny Little Frogs

Tiny little frogs  
Learning how to swim  
And splashing in a pool  
In their swimming school

Bobbing up and down  
Bobbing all around  
See them diving in  
Learning how to swim

Up and down and round they go  
Learning every day  
They love to practice with their friends  
Then they hop away

Tiny little frogs  
Lily pads and logs  
Splashing in a pool  
Learning all the rules  
In their swimming school

## Pop Went The Eggs (Butterfly Eggs)

One day in my garden I found a juicy leaf  
I slowly turned it over and hidden underneath  
There was a creamy egg wobbling about  
Pop went the egg and a caterpillar crawled out  
Pop went the egg and a caterpillar crawled out  
Pop went the egg and a caterpillar crawled out

## The Caterpillar Crawl

Let's do the Caterpillar Crawl  
We're invited one and all  
Slowly creep across the floor  
Let's do the Caterpillar Crawl

Now use your arms and legs  
And shimmy - shake across the floor  
Come on shake a little more  
And do the Caterpillar Crawl

Down and down and down  
And down you crawl under  
Up and up and up you go  
Come on climb over

Caterpillar Crawl  
Wriggle squiggle cross the floor  
Shimmy Shake a little more  
And do the Caterpillar Crawl

## Chrysalis

A morning mist  
A chrysalis  
Hiding in a tree  
And deep inside  
A secret hides  
Waiting to break free

Quiet dreams of flying high  
Under summer skies  
Rainbow wings  
Touch the sky  
Butterfly

## Butterfly

Butterfly this is it  
Time to fly free from your chrysalis  
Butterfly now its spring  
Stretch out your legs and then spread your wings

You're beautiful so colourful  
All of your dreams

Waiting for you

In the springtime they will start to show

Leaving silvery tracks  
Your shell is a spiral  
That grows on your back

Your home is wherever you roam

# The Perfect Place To Be

Our garden is  
The perfect place to be  
Take a look around  
Tell me what you see

We see a pond  
And a willow tree  
Flowers in bloom  
Smell so good to me

We hear the tweet tweet tweet tweet tweet  
Of birds a singing  
Each one will sing  
Their own sweet song

Growing on the trees  
Are apples, plums and pears  
They're tasty treats  
For you and I to share

We hear the drip drop drip drop drip  
Of the rain that's falling  
Each raindrop  
Helps the garden grow

Feel how the sun  
Shines on you and me  
Our garden is  
The perfect place to be
