

## Wildlife Garden Songs - Lyrics

1. The Garden Song
2. Grasshoppers
3. Hedgehogs
4. What could It Be? (Ladybird)
5. Bugs
6. Dragonflies
7. What could It Be? (Field Mouse)
8. Busy Bees
9. Suzie The Spider
10. What could It Be? (Rabbit)
11. Ladybird
12. Sunshine & Rain
13. What could It Be? (Frog)
14. Birds
15. Log Pile

## The Garden Song

Once there was a garden  
Where nothing grew  
It needed saving  
So what did we do?

We took some soil  
With lots of wiggly worms  
Some seeds  
Flowers bushes and trees  
And then we dug a pond

Now butterflies  
Flutter by on the breeze  
And birds  
Eat the berries and seeds  
And frogs swim in our pond

Our garden is a special place  
A truly magic wild life space

So we can care  
For our garden each day  
Sing songs  
With our friends as we play  
And watch what's in the pond

## Grasshoppers

I'm a grasshopper  
I leap around  
A grasshopper  
Bouncing up and down  
And I land with ease  
Cos I always bend my knees

You're a grasshopper  
You leap around  
A grasshopper  
Bouncing up and down  
And you land with ease  
Cos you always bend your knees

We jump up high  
And we jump down low  
When we're ready off we go  
Happily we hop along  
As we sing our song

We're grasshoppers  
We leap around  
We're grasshoppers  
Bouncing up and down  
And we land with ease  
Cos we always bend our knees

## Hedgehogs

Pretend you're hedgehogs playing under a tree  
Curl up small as small as can be  
Now as you slowly roll across the floor  
You'll go around and round and round

You're going to rock and roll it  
As you tumble you control it  
And you'll summersault around  
And around and around - As you tumble around

Pretend you're hedgehogs playing on the ground  
Curl up tight so you're small and round  
You get that tumbling feeling deep inside  
As you go round and round and round

You're going to rock and roll it  
As you tumble you control it  
As you'll summersault around  
And around and around - Around and around  
Around and around - Around and around  
Around and around - You'll come tumbling down

As we're tumbling  
As we're tumbling  
As we're tumbling  
As we're tumbling down

**What Could It Be?**  
(Ladybird)

Something's crawling in the flowers  
What could it be?  
I hope it's not a scary monster  
Out to frighten me  
Oh it's just a ladybird  
Crawling on a leaf

## Bugs

We are tiny little bugs  
Living in a compost heap  
Slimy little bugs  
Hungry for some leaves to eat

When you tidy up your garden each day  
And you throw the dead leaves away  
Your nose will let you know that we're there  
By the smelly pong drifting in the air

We are tiny little bugs  
Living in a compost heap  
Slimy little bugs  
Hungry for some leaves to eat

## Dragonflies

We're Dragonflies

Darting around as we play our games  
Chasing each other from here to there

Dashing and dancing most everywhere

In the air Dragonflies

Dance Dragonfly

Dance Dragonfly

Now let's hover here still as can be

Can you stay as still as me

Dragonflies

Darting around as we play our games  
Chasing each other from here to there

Dashing and dancing most everywhere

In the air Dragonflies

Dance Dragonfly

Dance Dragonfly

Dance Dragonfly

**What Could It Be?**  
(Field Mouse)

Something's moving in the tree stump  
What could it be?  
I hope it's not a scary monster  
Out to frighten me  
Oh it's just a tiny field mouse  
Nibbling on a seed

# Busy Bees

Busy Bees live together  
They stay friends forever  
Their home is a world of harmony  
Being there for each other  
They care for one another  
Busy Bees

Busy Bees love sunny weather  
They work well together  
They live in a great big family  
All day long they are buzzing  
With their wings that are humming  
Busy Bees

Busy buzzing here and there  
Whizzing everywhere  
A busy day for everyone  
Watch them bouncing on the breeze  
With pollen on their knees  
See them having fun

Busy Bees work for hours  
Buzzing in and out of flowers  
Making honey that's good for you and me  
In their hive they're so busy  
It's a wonder they're not dizzy  
Busy Bees Busy  
Bees Busy Bees

## Suzie the Spider

Suzie the spider was spinning her silken thread  
Weaving it back and forth to make her shiny web  
First she went round and round  
Then she went side to side  
Suzie - trace her thread with me

Suzie climbed up  
Then she slid down her thread  
Working all day  
Working all night  
Suzie the Spider built a brand new web

Suzie the spider lives next to the garden shed  
Watching and waiting sits in her silver web  
First she looks to the left  
Then she looks to the right  
Suzie - What's for dinner tonight?

**What Could It Be?**  
(Rabbit)

Something's rustling in the bushes  
What could it be?  
I hope it's not a scary monster  
Out to frighten me  
Oh it's just a furry rabbit  
Peeking out at me

# Ladybird

Hey Little Ladybird  
Can you teach me how?  
To count from one up to ten  
Oh please can you teach me now?

One two three four five  
Six seven eight nine ten  
From one to ten  
Ladybird I am counting on you

One two three four five  
Six seven eight nine ten  
From one to ten  
Ladybird I am counting on you  
From one to ten  
Ladybird I am counting on you

## Sunshine & Rain

Rain falls from the heavens  
Helping the plants to grow  
A miracle of nature  
Is in every seed we sow

Sun shines on the garden  
Helping the plants to grow  
A miracle of nature  
Is in every seed we sow

We love the sun  
We love the rain  
Pouring down our window pane  
We love the rain  
We love the sun  
Shining down on everyone

Rain is falling from the clouds  
Giving life to us  
Sun is shining way up high  
Bringing life to earth

We love the sun  
We love the rain  
Pouring down our window pane  
We love the rain  
We love the sun  
Shining down on everyone

Rain falls from the heavens  
Helping the plants to grow

**What Could It Be?**  
(Frog)

Something's splashing in the pond  
What could it be?  
I hope it's not a scary monster  
Out to frighten me  
Oh it's just a little frog  
Hopping happily

## Birds

Up in the sky birds are flying everywhere  
High in the clouds see them soaring in the air  
They perch upon the rooftops  
They gather on the lawn  
They love to sing together every dawn

Flying free as can be  
Like the wind that blows  
Flying free you can see  
Birds just come and go  
Free to fly everywhere

# The Log Pile

A messy tangled log pile's the perfect place to hide.  
For me and all my creepy friends that live there safe inside  
We'll wriggle, squiggle, creep and crawl and eat all we can chew  
And when somebody passes by we'll all jump out and shout.  
BOO!
