The Calendar Song

January, New Year bells begin to chime
February, gonna to find Valentine
March, crazy as a Mad March Hare
April, Easter Bunnies everywhere
May, Spring time and butterflies
June, Summer days and clear blue skies
Come on join in
Sing along to the calendar song

July, the holidays have just begun
August, A picnic can be so much fun
September, going back to school again
October, trick or treat on Halloween
November, Guy Fawkes and Bonfire Night
December, Xmas trees and fairy-lights
Come on join in
Sing along to the calendar song
Come on join in
Sing along to the calendar song

The Snowflake Song

Tiny sparkling snowflakes
Drifting here and there
Spinning in the swirling air
A million little snowflakes
Unique in every way
Sparkle on a snowy day

Dancing, twirling around
As they twinkle, like stars all around

Tiny sparkling snowflakes
Falling from the sky
Floating down from way up high
A million little snowflakes
Bobbing on the breeze
Sparkle on the winter trees

Softly tumbling down
As they gently, drift to the ground

A million tiny snowflakes
Dancing to and fro
Sparkle in a snowflake show

The Colours of a Rainbow

We can sing a rainbow
We can sing a rainbow
We can sing a rainbow
So sing along with me

Red, orange, yellow, green and blue
Indigo and violet too
Red, orange, yellow, green and blue
Indigo and violet too

Red, orange, yellow, green and blue
Indigo and violet too
Red, orange, yellow, green and blue
Indigo and violet too

The colours of a rainbow
The colours of a rainbow
The colours of a rainbow song

In An Orderly Fashion

Fashions may come
Fashions may go
There is one thing that I know
No matter what the fashion guru's might say
I'll put my clothes on in a systematic orderly way

First I'll put on my pants
Then I put on my vest
Then I'll pull on my matching socks
The right one then the left

Sometimes I dress for school
Sometimes I dress for play
Mostly I dress appropriately
Depending on the day

I always chose the right clothes
Depending on my mood or passion
When I put on the right clothes
I like to dress in an orderly fashion
I like to dress in an orderly fashion

Time (Tick Tock)

Tick tock

Tick tock

See the hands of time

On the face of a clock

Going Tick tock

Tick tock tick

60 seconds in a minute

60 minutes in an hour

24 hours in a day

Tick tock

Tick tock

See the hands of time

On the face of a clock

Going Tick tock

Tick tock tick

The Seasons

Spring, Summer, Autumn and Winter
Spring, Summer, Autumn and Winter
Spring, Summer, Autumn and Winter
Time.

Spring days, with warm and gentle showers
Summer days are full of pretty flowers
Autumn days bring leaves of gold
And Winter days are short and cold
The months change with the seasons

Spring, Summer, Autumn and Winter
Spring, Summer, Autumn and Winter
Spring, Summer, Autumn and Winter
Time.

The Days of the Week

Let's all sing the days of the week
Let's all sing the days of the week

Starting with Sunday
To Monday
To Tuesday
Then Wednesday
To Thursday
To Friday
Then it's Saturday

We sung the days of the week
We sung the days of the week

High Tide Low Tide

(The Tides)

Sitting in the sand dunes
Looking at the sea
When the tide comes rolling in
The waves splash close to me

Sitting in the sand dunes
Gazing at the sea
As the tide goes rolling out
The waves move away from me

The tides they ebb and flow
They come and go
With the highs and the lows of the sea
The tides they ebb and flow
They come and go
With the highs and the lows of the sea

Sitting in the sand dunes
Gazing at the sea

Sunrise

When the moon slowly fades away
The morning changes to bright new day
Then the Sun will shine on everyone for a while
Now the Sun shimmers way up high
And slowly makes its way across the sky
Then it's time to wave goodbye to the Sun for a while

From Sunrise to Sunset
We feel the sunshine shine all day
From Sunrise to Sunset
We feel the sunshine shine all day

Sunset

When the sun has set and said goodbye
The evening changes to a twilight sky
Then the moon and stars come out to play for a while
Now the moon turns on a silvery glow
And the stars put on a twinkly show
Then it's time to wave goodbye to the moon for a while

From Sunset to Sunrise
We see the moonlight light the night
From Sunset to Sunrise
We see the moonlight light the night

Months of the Year Song

Let's all sing the months in a year
And there's twelve months
Twelve months in a year
Let's all sing the months in a year
And there's twelve months

January, February, March, April
May, June, July, August
September, October, November, December

Let's all sing the months in a year
And there's twelve months
Twelve months in a year

The Water Cycle

A raindrop falls from the clouds
To the earth below
A raindrop drifts down the rivers
And streams that flow.

We following a small raindrop
On its journey around the world
Following a small raindrop
On its journey around the world

A raindrop slips down the waterfalls
To the sea
A raindrop changes to mist
And drifts upwardly

We following a small raindrop
On its journey around the world
Following a small raindrop
On its journey around the world

Meal Times

Begin the day with breakfast
The best way to start a busy day
I make the time in the middle of the day
To eat a tasty lunch - Mmm Munch munch
Then suddenly it's teatime
Grab a bite to eat and a tasty treat
My last meal is a super duper supper
Before I go to bed - Mmm well fed

I eat my meals on time
They make me feel so fine fine fine
Eating meals on time will help me shine

I eat my meals on time
They make me feel so fine fine fine
Eating meals on time will help me shine
